

The School Buzz

Acting Director's Note

SABIS® International School – Aljada has completed its third year, and what a successful school year it has been.

Academically, students' hard work this year was clear in their end-of-year exam grades. Our students have been dedicated, driven, and resilient from Day 1. Throughout this year, our students sat for several standardized international exams such as TALA, Mubakkir, GL Progress Test, and CAT4 – all of which they took in stride. Additionally, STEAM clubs are stronger than ever, SIS-Aljada students entered the SABIS® STEAM Competition in our sister school, SABIS® International School – Yas Island.

On the non-academic level, throughout the term, we were honored to host our first-ever SABIS® Ballet Regional Festival at SIS-Aljada which was enjoyed by all. We also held various exciting activities and themed days such as World Bee Day, Career Day, end-of-year concerts and shows, and sports tournaments, to name a few. From academic competitions like Spelling Bee and Mental Math to sports events, our students have excelled and showcased their talents. One event that stands out, is SABIS® STARS at ISC-Muscat, Oman, where our students took part in a regional talent competition across several categories such as Junior Science Incubator, Public Speaking, Creative Writing, and Photography.

As the 2023-2024 academic year comes to an end, I would like to thank all parents, staff, and students for making this school year the success that it was. We have already begun preparations for the new academic year and are looking forward to welcoming you back. Next year will bring some exciting changes. We look forward to welcoming the first group of Grade 10 students. As we embark on a well-deserved summer break, let us take this time to recharge, reflect, and prepare for the new academic year ahead. I have no doubt that with our collective efforts, the coming year will be even more remarkable and rewarding.
